This maintenance program is designed to insure that your heating and air conditioning system gets the maintenance it needs. Keeping up with the maintenance on your equipment will extend the life expectancy of the equipment, reduce breakdowns, and will help reduce costly utility bills.

Maintenance will be scheduled during Celco's normal working hours, 8:00 am to 4:30 p.m. Monday through Friday, except holidays. After hours and weekend scheduling is available for an additional charge. All scheduling will be coordinated through Celco's office.

**This agreement does not include parts or labor for any repairs. If we do find anything that is in need of repair we will bring it to your attention and offer solutions and pricing. You will never get an unexpected repair charge from us.**

We will automatically renew this maintenance program, for your convenience and we will call you for scheduling at the beginning of the season to keep your system running at optimum efficiencies.

**Thank you for choosing Celco for your heating and air conditioning needs!**
